The background of the cover is a color photograph of a school campus. On the left is a large, multi-story brick building with many windows. In the foreground, a group of about seven students are sitting on a green lawn, looking at books or papers. To the right, a tall flagpole with an American flag stands against a clear blue sky. In the distance, there are trees with some autumn-colored leaves and a range of hills. The overall scene is peaceful and academic.

MORGAN PARK HIGH SCHOOL

Duluth, Minnesota

Looking To The Future

Realizing the important part which education plays in each of our lives, the 1965 Parktorian staff chose "Looking to the Future" as its theme. In this annual we will show how Morgan Park High School prepares you, as students, for later life.

Each section of this yearbook has been arranged with consideration for the part it will play in your plans for tomorrow. The administration and faculty are portrayed as those who are opening the door to the future by providing the tools of education. To put more academic feeling into our annual, the curriculum section was added.

In the class division you will be reminded of how you learned to associate with others in times of pleasure and trial. The organizations, activities, and sports are arranged to show the importance of expanding your future horizons. A look at the junior high should provide a sense of progress and the knowledge that you can go on to greater heights of accomplishment.

It is our hope that, as the future becomes reality, you will look back and marvel at how much was

learned at Morgan Park.

As you descend the stairs for the last time, we hope that you will look ahead to the new horizons that lie open to you. Perhaps this book will show that you not only learned but had good times at Morgan Park.

Forgotten incidents will come to mind as you view each section. May the coming years bring happiness and success. The Parktorian staff bids you a fond but sad farewell.

Numerous Improvements Were Made under Guidance of Mr. Shumate

Under the guidance of Mr. Wayne Shumate, principal, Morgan Park has seen numerous changes. Numbering among these are the following: an inter-communication system, acoustical ceiling tile, lighting fixtures, auditorium redecoration, movable desks, and gymnasium improvements. All of these have helped to increase the students' pride in Morgan Park.

Mr. Shumate commented, "If I could be six years old once again, I think it would be extremely

pleasant to start school at Morgan Park and go all the way through. The teachers work so diligently to make learning pleasant that I can see nothing but an invigorating experience. New methods and techniques are finding their way into education, including educational television, which have enhanced the learning process. The challenges of today's world, and the help available to meet these challenges, make this age, in my opinion, the greatest in all history in which to live."

English and Speech Made Use of Library Facilities

Mrs. Judith Savage served as a teacher of senior high English and eighth grade American history. She also was a junior class adviser and banquet chairman.

Mrs. Jane Gunderson, who taught sophomore English, advised the Senior High Girls Club and supervised a study hall.

Parktorian adviser was one of the jobs entrusted to Miss Lillie Wickstrom. In addition to this she taught English 11, helped as a junior class director, and Teen Page adviser.

Mr. Gale Toraason instructed students in the methods and use of good speech. In addition to this he was responsible for a study hall and was credited with the outstanding coaching of two plays.

Miss Joan Floten not only served as our school librarian but also acted as the RAD Club co-adviser.

The duties of Mrs. Janet Akervik included the supervision of a senior class homeroom, teaching seventh and eight grade English and acting as adviser for Junior High Speech.

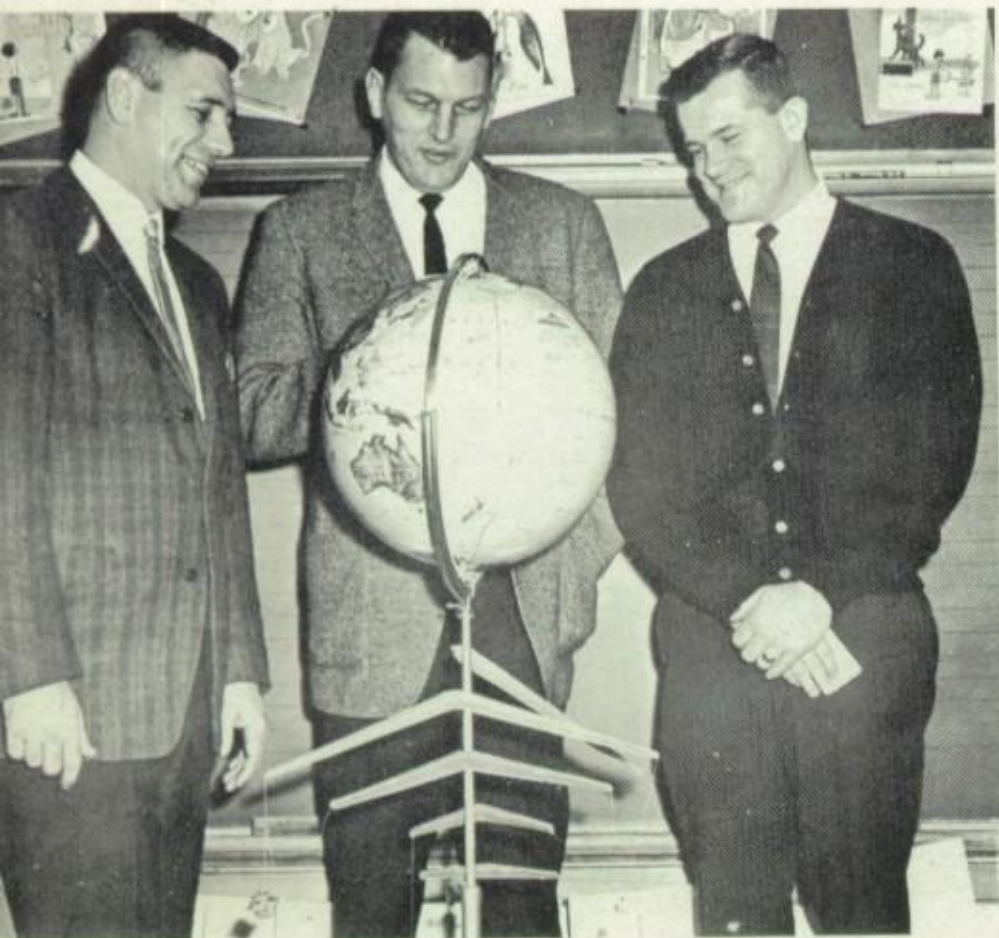

Mrs. Akervik, Miss Floten, Mr. Toraason

All these faculty members tried and succeeded in their efforts to enlighten the minds of students as to the purpose of proper and improper use of English in speech and writings. Also the students had their reading horizons extended through extensive use of the library.

Miss Wickstrom, Mrs. Gunderson, Mrs. Savage

History, Language, Math, and Science Rounded Out the Curriculum

Mr. Forbort, Mr. Stromme, Mr. Strand

A group of social studies teachers presented history material in an interesting and educational manner.

Mrs. Schwar taught United States History, was adviser for National Honor Society and Senior High Student Council. She also acted as senior class director and checked school attendance records.

Besides educating his Problems classes, Mr. Stromme was a senior class supervisor; and he coached senior high basketball and baseball.

Mr. Forbort taught World History, was a sophomore class adviser, supervised a study hall,

Mr. Mickolajak, Mr. Olson, Mr. Kanninen

Mrs. High, Mrs. Ogard

and coached senior high football.

Ninth grade civics and seventh grade geography were instructed by Mr. Strand. He headed a ninth grade homeroom, was audio visual adviser, coached junior high basketball, and was assistant coach for senior high track and football.

In our modern world of today, it is very beneficial for all to learn other languages. We obtained the knowledge of Latin and Spanish through Mrs. Betty High and Mrs. Sophia Ogard. In these classes not only the languages were learned, but also information about the people and the events of these foreign countries was gained. Mrs. High served both as a teacher of Latin and as adviser for the **Parker Press**. Her classes included Latin I, II, and English 12. Senora Ogard taught a half day at Morgan Park. She had a sophomore homeroom, and she taught Spanish I, II.

The sale of school supplies and candy was made possible through the efforts of Mr. Fred Kanninen. He was also a senior class director. Among the courses he taught were geometry, trigonometry, algebra II, III, and seventh grade math.

Mr. Stanley Mickolajak was a sophomore class adviser, assistant senior high football coach, and teacher of biology and ninth grade science.

Math and science were the areas in which Mr. Robert Olson excelled. His classes included chemistry, physics, and algebra I. Mr. Olson was a junior class and Radio Club adviser, coach for ninth grade football, and faculty chairman for Sno-day as well as the Prom. He also supervised study hall.

Students Acquired Practical Training

Miss Corinne Anderson performed the task of advising the Future Homemakers of America and the Junior High Girls Club. In addition to these jobs, she taught Home Economics to all junior high girls and to the eleventh and twelfth grade girls.

Mr. William Molyneux taught machine shop as well as mechanical drawing. He was also a sophomore class adviser.

Mr. Quentin Junger educated ninth grade students in the field of electricity, and the seventh and eighth graders in the field of science. The combined efforts of Miss Anderson, Mr. Molyneux, and Mr. Junger provided education for students beyond the fields of basic learning.

Business was the order of the day for Miss Nancy Gordon, Mr. Miles Vukson, and Mr. Robert Leone. Typing I, ninth grade typing, and seventh grade math were instructed by Miss Gordon, who also was a seventh grade homeroom teacher. In conjunction with the *Parkorian*, Miss Gordon served as the Business Adviser.

The students of Bookkeeping I and eighth grade math were kept on their toes by Mr. Leone, who also was the eighth grade homeroom supervisor.

Speed dictation was one of the many skills taught to students of Steno I and II by Mr. Vukson. In addition, he instructed a class in business math. Among his other duties were school treasurer, athletic director, and director of finances for the *Parker Press*.

Mr. Molyneux, Miss Anderson, Mr. Junger

Miss Jacqueline LeBeau taught physical education four days a week and health three days a week. She was a seventh grade homeroom adviser, supervisor of the study hall, and faculty adviser of Pep Club, as well as the Girls Athletic Association, and the senior high cheerleaders.

Mr. Paul Nace served as a senior high track and basketball coach, teacher of eighth grade history, sophomore class adviser. In his physical education classes he put the boys through a vigorous workout, thus keeping them physically fit.

Cultural As Well As the Physical Well Being Was Stressed

Mr. Anderson, Mr. Soderberg

When in need of information concerning colleges, and occupations, or advice, students naturally turned to our efficient guidance counselors. The smooth operation of this department was due to the close cooperation of Mr. Dennis Anderson and Mr. Donald Soderberg. Along with his duties, Mr. Anderson was an adviser for the Junior High Student Council. In addition to his counselling responsibilities, Mr. Soderberg taught the Humanities classes, guided RAD Club, and was assistant senior high football coach. Both Mr. Soderberg and Mr. Anderson were faculty chairmen for the fall carnival.

While Mr. Gerald Klun was occupied with the task of organizing and directing the band, Mr. R. Stanley Larson prepared for his classes in junior and senior high art. Simultaneously, Mr. Ray Baker served as junior class adviser, taught Acapella Choir, Girls Glee Club, and seventh and eighth grade music. The combined efforts of these three men have served to cultivate and develop the cultural arts here at Morgan Park.

Mrs. Carol Nokleberg, our school nurse, has completed a very serviceable year. Her duties were numerous, keeping accurate health records for all

Mrs. Nokleberg

enrollees in grades seven through twelve, preventing disease through vaccination, and the giving of medical advice to pupils. Her other responsibilities included not only the testing of eyes and ears, but also measuring the height and weight of the students.

The Elementary Teachers Laid the Foundation for the Future
The Secretaries Gave Efficient Service

Seated — Mrs. Dahl, Mrs. Johnson
Standing — Mr. Sisto, Mrs. Mattson

Mrs. Johander, Mrs. Swanson, Mrs. Broten, Mrs. Mandery

Teaching of elementary classes was done by an able group of eight teachers. Mrs. Joyce Johander was the kindergarten instructor. First grade students were taught by Mrs. Kay Broten,

while Mrs. Donna Swanson taught second and third grade classes. An additional second grade class was instructed by Mrs. Susan Mandery. Mrs. Eda Dahl completed a beneficial year as teacher of the third grade, and Mrs. Mary Ann Mattson's instruction of fourth grade students was equally rewarding. Mrs. Louana Johnson and Mr. Alex Sisto were teachers of the fifth and sixth grade respectively.

Mrs. Melander, Mrs. Braskerud

The efficient manner in which the office functioned this year reflects the capabilities of the two secretaries, Mrs. Doris Braskerud and Mrs. Harriet Melander. It was not only their great skills, but also their dedication to the jobs they filled that made it possible for their efficiency. The duties performed by each included typing, filing, office communication, and faculty assistance whenever the teachers called on them for aid. The cooperation of the two secretaries is no doubt the contributing factor that made a most worthwhile year possible.

Physical Functions of the School Were Well Performed

Mrs. Elmira Cook managed the school lunch program.

Selling lunch tickets was the responsibility of Mrs. Pat Gagne.

Mrs. Ethyl Robertson assisted in the kitchen.

The cooperation and competence of the cafeteria staff can be credited with the variety of delicious lunches that were created this year. Under the management of Mrs. Elmira Cook, and her assistant, Mrs. Ethyl Robertson, the menu was a varied and interesting one. Mrs. Gagne was kept busy selling tickets and keeping money matters in order. The gigantic task of cooking and serving over one hundred twenty people was performed with both skill and success.

Morgan Park's maintenance department was

run in a smooth, efficient manner under the supervision of John Lutar, Chief Engineer. Under his management Neil Nelson, Fireman II, William O'Connell, Fireman, Erwin Effinger, Assistant Fireman, Arnold Naslund, Custodian, and Martin Jordan, Custodian, served as a cooperative team in keeping the school in a neat condition. Not only did they do their custodial duties, but they also assisted the students with any chores which were necessary to prepare for events such as the carnival and plays.

The Curriculum Was the Keynote To Leadership

The Morgan Park curriculum offered the students a variety of learning experiences. They were introduced to cultural material such as the appreciation of good music, art, and literature in their art, music, English, and humanities classes. A very useful side of learning was evident in the typing, shorthand, bookkeeping, home economics, woodworking, and electricity departments. An understanding of historical events was developed in civics, world history, and American history. Mathematical skills were put to practical use in

all math classes such as arithmetic, general math, algebra, geometry, and higher math. Spanish and Latin gave the students an insight into foreign languages and ways of life. Valuable information was gained in the science of living in such courses as physics, chemistry, biology, and general science. Of course everyone has an interest in good health and well-being. This was the major project in physical education and the health classes. All phases of activity have been touched in Morgan Park's courses of study.

A literary map was studied by members of the Junior English class.

Enthusiasm is an important asset in public speaking.

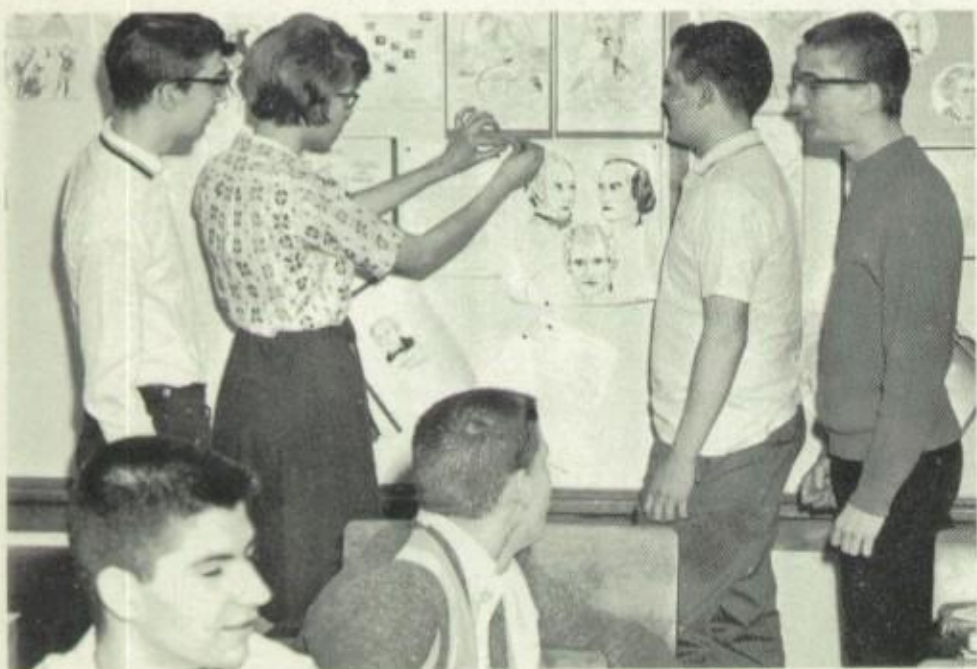

The eighth grade English department presented Tom Sawyer.

The paperback library was a great asset to the humanities classes.

Classroom Activities Offered Great Variety

Projects were used as tools of learning in American History.

Sophomores learned the skills of map reading in World History.

The "ups and downs" of the stock market were closely watched in Problems of Democracy.

Civic students gave their full attention to an explanation of banking procedures.

Art forms such as linoleum block printing were studied in the art classes.

Using the circle saw provided the students with practical experience in woodworking class.

in Learning Basic Skills and Ideas

Home Economics students realized that much more than a knowledge of cooking and sewing is necessary for good homes.

The girls in the physical education classes engaged in many exciting sports throughout the year.

Verb and noun forms were part of the foundation laid in Latin I.

The students in Spanish II aimed to speak Spanish fluently.

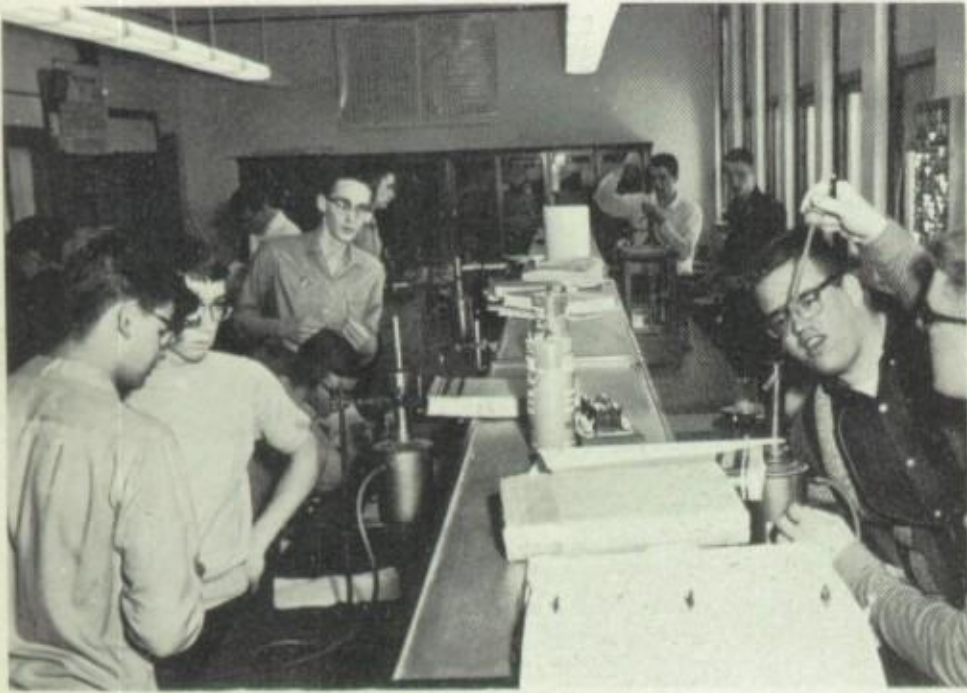

Each Biology student dissected a fish to discover its structure.

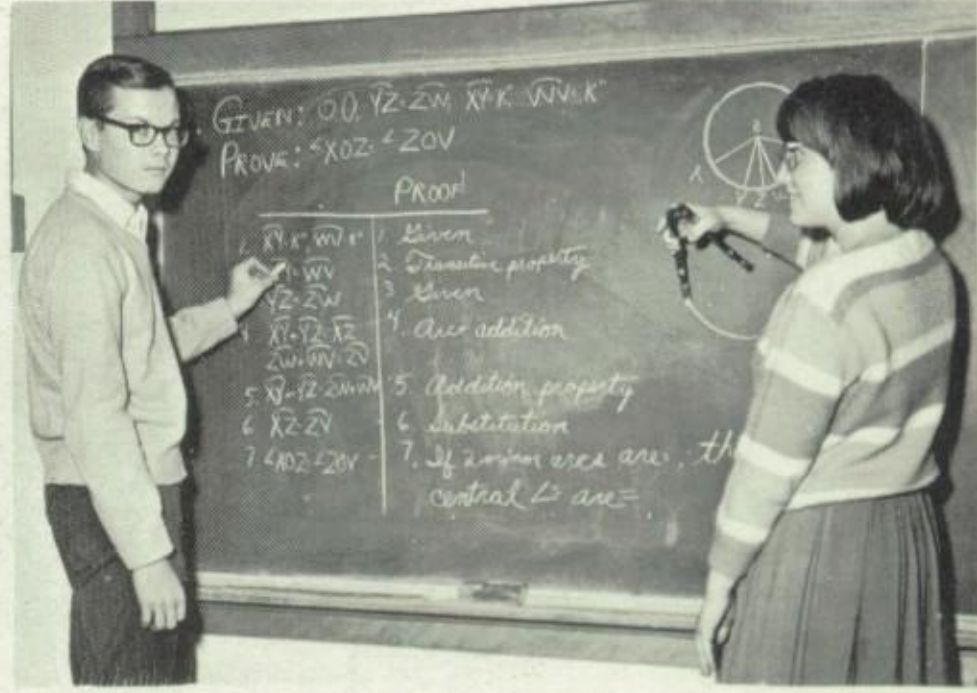

Chemistry students measured the heat generated by a chemical reaction.

Practical Training Was Offered in Numerous Courses

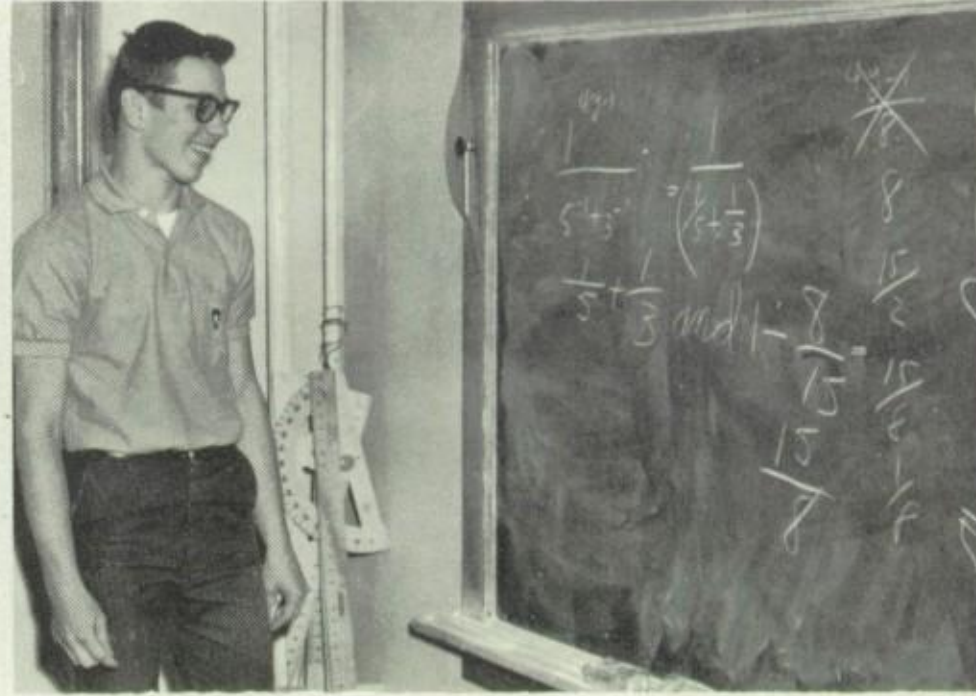

The students measured the specific heat of metals in physics class.

The postulates were learned and applied in Geometry.

The seventh grade math division introduced students to modern world math.

Not even complicated formulas could baffle the students in Algebra II.

Secretarial skills were acquired in the short-hand and typing courses.

Bookkeeping gave the students practical training in the field of finance.

As June drew nearer, the Seniors spent more and more time remembering their many good times at Morgan Park.

Looking back two years, they remembered when they became part of the high school.

Their Junior year was a busy one, presenting *The Mouse That Roared*, and working on the Prom and Banquet.

Most of all they recalled their Senior year;

all the athletic events, which were climaxed by Homecoming and Sno-Day; the Fall Carnival; the Senior Class Play, *The Mousetrap*; Student Teacher Day; and especially the Prom, Banquet, and Graduation.

Although the Seniors were anxious to be on their own, they regretted leaving their many friends and the security of Morgan Park.

Fond Memories of the Past Brought a Sense of Progress

Did you forget your bottle opener, Norma?

Mirror, mirror on the wall
Who was fairest of them all?

What's your secret, girls?

Kitty Brophy did a pirouette.

Want to race?

Aren't we cute!

Quit posing, Margaret and Linda!

Didn't Dale, Bruce, and Walter look innocent?

The Juniors Were Led by Able Officers

Ronald Soberg, Kathleen Maida, William Harper, and Gary V. Anderson guided the Junior Class.

The Junior Class, which consisted of 101 members, was led by Ronald Soberg, president; Kathleen Maida, vice-president; Gary D. Anderson, secretary; and William Harper, treasurer.

Miss Wickstrom, Mrs. Savage, Mr. Baker, and Mr. Olson advised the class throughout the year.

On December 3 and 5, the Juniors presented their class play, a comedy, entitled *Blithe Spirit*. The proceeds from this play were used to finance the Junior-Senior Prom and Banquet held in the spring.

Another project of the Junior Class was to select the class rings. This was done by an appointed committee consisting of the homeroom

president and a representative from each homeroom. The rings were ordered in January and arrived in April.

The homeroom officers were 310 — Kathleen Maida, president; Mary Lou Michaud, vice-president; Trudy Markle, secretary; Carla Maida, treasurer; 313 — Ronald Soberg, president; Lynn Wall, vice-president; William Watt, secretary; William Samarzia, treasurer; 312 — Gary D. Anderson, president; Linda Christensen, vice-president; Theresa Collard, secretary-treasurer; 308 — William Harper, president; Dennis Howden, vice-president; Helen Hayson, secretary; Patrick Fairchild, treasurer.

Mr. Ray Baker, business adviser, Junior Class Play.

Miss Lillie Wickstrom, general chairman and financial adviser.

Mrs. Judith Savage, class ring and Junior-Senior Banquet adviser.

Mr. Robert Olson, Junior Senior Prom adviser.

The Student Council Gave The Students An Opportunity To Participate In The Government Of The School

President Dave Roper presided at all council meetings.

As stated in the constitution the object of the senior high student council is "to act as a leader's club to promote the general welfare of the school, and to give the students an opportunity to participate in the government of the school."

Under the leadership of Mrs. Jennie Schwar and the 1964-65 officers, David Roper, president; Gerald Rushenberg, vice president; Dawn Swanson, secretary; and Pamela Maganini, treasurer; the council had a busy and worth-while year.

Among this year's projects were to find a home for the American Field Service Student, organize the noon hour activities, sell ice cream at noon, decorate the halls and trim the tree for Christmas, repair the school parking lot, and take charge of the sophomore orientation. At Christmas a gift of fifty dollars was presented to the American Field Service Student from the council. This money was raised by holding a bake sale in November.

Treasurer Pam Maganini kept the financial records.

Vice president Gerry Rushenberg served as safety chairman.

Secretary Dawn Swanson recorded the meetings.

this the girls wore gold pleated culottes.

Under the able direction of Miss Jacqueline LeBeau, the cheerleaders practiced at least once or twice a week. An additional duty the girls performed was to help train the junior high cheerleaders.

For the first time an award was given to the most outstanding cheerleader on the squad. She was chosen on the basis of cooperation, ability, leadership, scholarship, and devotion to duty. The selection was made by a majority vote of the cheerleaders and selected faculty.

The Speech Club, under the guiding hand of its new adviser, Mr. Toraason, made an excellent showing throughout the year. While participating in all of the meets, many "A" ratings were received by the members. Assisting the group's activities were its officers: President, Ron Soberg; Vice President, Alex Swiderski; Secretary, Dan Wallin; and Treasurer, John Nys. They made a trip to International Falls on February 20 which was said by all to have been great fun. Other meets the

club took part in were the annual Rotary meet, practice meets sponsored by East and Denfeld, and the Big Ten meet at Proctor. They also participated in the district contest held at Denfeld and the regional and the state meets. The student body little realized the great amount of time and preparation that went into a seemingly simple or short presentation. Needless to say, this organization was a true asset to our school.

Father and Mother.

I arrived in Minneapolis on August 16. My American family, the Walter Carlsons, were there.

I was born in Marseille, France, on May 21, 1947. My father, Bernard Mathieu, is an elementary school teacher. I have four sisters, ranging in age from two to nineteen.

Having finished high school, when I return home, I plan to go on to college and enter the field of diplomacy.

In Morgan Park, I took English 12, Problems,

Latin I, United States History, Speech, and Physical Education.

I have five American sisters. I feel very much at home with my family.

Last fall the Senior Class had a potluck supper for me, at which time they gave me a school sweater.

Morgan Park will always be unforgettable to me because everyone is so friendly and nice. I am going to do everything I can to return.

WALK TOGETHER, TALK TOGETHER, ALL YE PEOPLE OF THE EARTH. THEN, AND ONLY THEN, SHALL YE HAVE PEACE — American Field Service Motto

This summer I had the wonderful experience of living in Heemstede, Netherlands, for almost two months, as an American Field Service Student. After spending ten days on a ship with six hundred other students, I met my family, the Machiel van Ravesteins, on July tenth.

Since Holland is a small country, I was able to see much of it during my stay. I visited Amsterdam, Rotterdam, The Peace Palace, and other very interesting and different places. How-

ever, I was not a guest but a member of the family. I had two sisters living at home, Dea, 20, and Helmy, 12.

My last three days were spent in a conference house near Rotterdam with twenty-two other students, who had been in Holland for the summer. We discussed our experiences, toured, and generally became better acquainted.

All too soon my summer came to an end. On August 31, we boarded the ship for home.

The excitement began after school on Wednesday, September 30, when each class was given a floor to decorate. After each floor was beautifully draped in blue and gold crepe paper, a pot luck supper, sponsored by the Pep Club, was held in the cafeteria.

On Thursday evening several cars met at the school to form a caravan. Led by the cheerleaders in

the first car, the caravan drove around Central High School and returned to the Park where the biggest bonfire in the school's history was lighted.

An hour-long assembly was held on Friday afternoon, consisting of cheers, a majorette routine, skits, and awards. To add to the festivities, we defeated Central 20-6, on Friday night. The climax of the affair came when Marilyn Carey was crowned Queen of the 1964-65 Homecoming by football captain, Dave Roper.

On December 14, the Christmas Spirit enthralled all as the Music Department presented its annual Christmas Concert.

The first group to appear on the program was the Senior High Band, under the direction of Mr. Gerald Klun. The following selections were presented: "Chestnuts Roasting on an Open Fire", "Jingle Bells Fantasy", and "Christmas Song for Woodwinds."

Appearing next, the Junior High Choir sang

"We Wish You a Merry Christmas."

Following this, the Girls Glee Club, under the direction of Mr. Ray Baker, presented "Cradle Song of the Shepherds" and "Angels We Have Heard on High."

Closing the concert was the Senior High Choir also under the direction of Mr. Ray Baker. Two of the selections they sang were "There Shall a Star Come out of Jacob" and "The Glory of the Lord".

The Senior High Band and Choir presented a joyful concert.

Girls Club Presented "High Window"

Despotic Emily Winthrop tormented her nephew Walter.

Under the direction of Mrs. Jane Gunderson and student director Andrea Mooers, the senior high Girls Club presented "High Window" by Verne Powers. This mystery in one act was presented as part of the annual Decney on April 8.

The play concerned Emily Winthrop, whose husband previously had died by falling from the window. Emily was a despotic person, who constantly tormented her nephew Walter about his weaknesses and some awful secret they seemed to share. Linda Norton, spurred by interest in Walter, posed as a newspaper woman, and freed Walter from his torment by solving the mystery of the "High Window".

Following this excellent play, entertainment was provided by the brass sextet and the Preptones.

With the hard work of Linda High, Kenneth Peterson, Marcia Malloy, Darrel Pfeffer, and Norma Dincau, the play was outstanding.

Teahouse of the August Moon Provided an Evening in the Orient

Sakini's friends followed him to Tobiki.

Tracey Mooers, Dave Roper, and Stewart Koepke during one of their happy moments.

"The Teahouse of the August Moon" was presented on March 4, as an all school play to raise money for new stage equipment. Mr. Gale Toraason directed this presentation.

This hilarious comedy, by John Patrick, held the American military government up for appraisal. The setting was Okinawa, where the American occupation had moved in with the intention of bringing democracy to the natives. Put in charge of the project was Captain Fisby, who, after being assigned the duty of military governor of the village of Tobiki, found himself involved in one precarious development after another.

The Tobiki villagers frustrated Captain Fisby.

FOOTBALL

With only five returning lettermen, K. Burkey, D. Roper, G. Rushenberg, G. Anderson, and P. Fairchild, our team had a successful season with a 6-2 record.

Many mistakes plagued our first game with Grand Marais, but we managed to come through with a 13-6 victory.

For our next game we traveled to Two Harbors, where we walloped the Agates, 52-0. W. Watt scored three touchdowns.

Denfeld, a large team, handed us our first loss by a score of 19-13. We had many injuries going into the game. K. Burkey came through with valuable defense help.

Our second loss was from East. We were defeated 20-6.

The fifth game was against the Central Trojans. J. Mack was the key to the offense and led the Park to a 20-6 win.

The Wildcats had their fourth victory against Proctor. We kept the Bell Trophy with a score of 56-13. D. Roper was the key to the offense with three touchdowns.

Even though we only won by 20-14, we walked away from Cloquet during the beginning of the game.

For our final game we defeated the Cathedral Hilltoppers 26-6. K. Burkey led the defense again.

D. Roper and K. Burkey were named to the All-City football squad.

The Morgan Park High School Basketball Team under the supervision of coach Graydon Stromme and the assistant coaches, Paul Nace and Roland Strand, won three games and lost the others. Since the basketball team lacked experience, they did not have a very rewarding year.

Before the regular season began, Morgan Park participated in a Basketball Jamboree held by East at the UMD Physical Education Building. Four teams from the Range competed against four Duluth teams; each team played one quarter of basketball. The Wildcats played Hibbing in the second quarter of the Jamboree and were outscored by 13 to 12.

Morgan Park won the first game of the season by charging past Two Harbors with a score of 67 to 49. However, the second encounter with the

Agates was a different story. The improved Two Harbors team squeezed past the Cats by a final score of 72 to 78.

Fired-up Morgan Park played an exceptional game against Silver Bay only to be defeated 51 to 56.

The season opener was played against Denfeld. The Wildcats blanked the Hunters, 4-0.

Toward mid-season Morgan Park played Duluth Cathedral, which eventually won the Catholic State High School Hockey Championship. Through magnificent team effort, the Wildcats defeated the Hilltoppers, 3-2.

In the second encounter with East, the Greyhounds squeaked past the Wildcats, 3-2.

The first District Tournament game was played against Hermantown. The game was a shut-out victory with the final score of 6-0.

A hard fought victory was played against Cloquet in the District semi-final game. The final score was 2-0.

The Wildcats played their best game of the season against East for the District Championship. However, the Greyhounds outscored the team, 3-2 in sudden-death overtime.

Skiing and Golf Are Growing Sports at Morgan Park

The ski team, consisting of Gerry Rushenberg, Tom Gaskill, Mike Billings, Rick Meyer, Dale Turchi, Terry Hubbard, and Jeff Ausland, finished sixteenth in the State ski meet.

Few people at Morgan Park knew about our Ski and Golf teams, but their members completed a rewarding season of competition.

This District Ski Meet was held on February 12 and 13. In the team standings, Morgan Park took the fifth spot. Boys from our school placed in each of the three events, the Slalom, Jumping, and Cross Country.

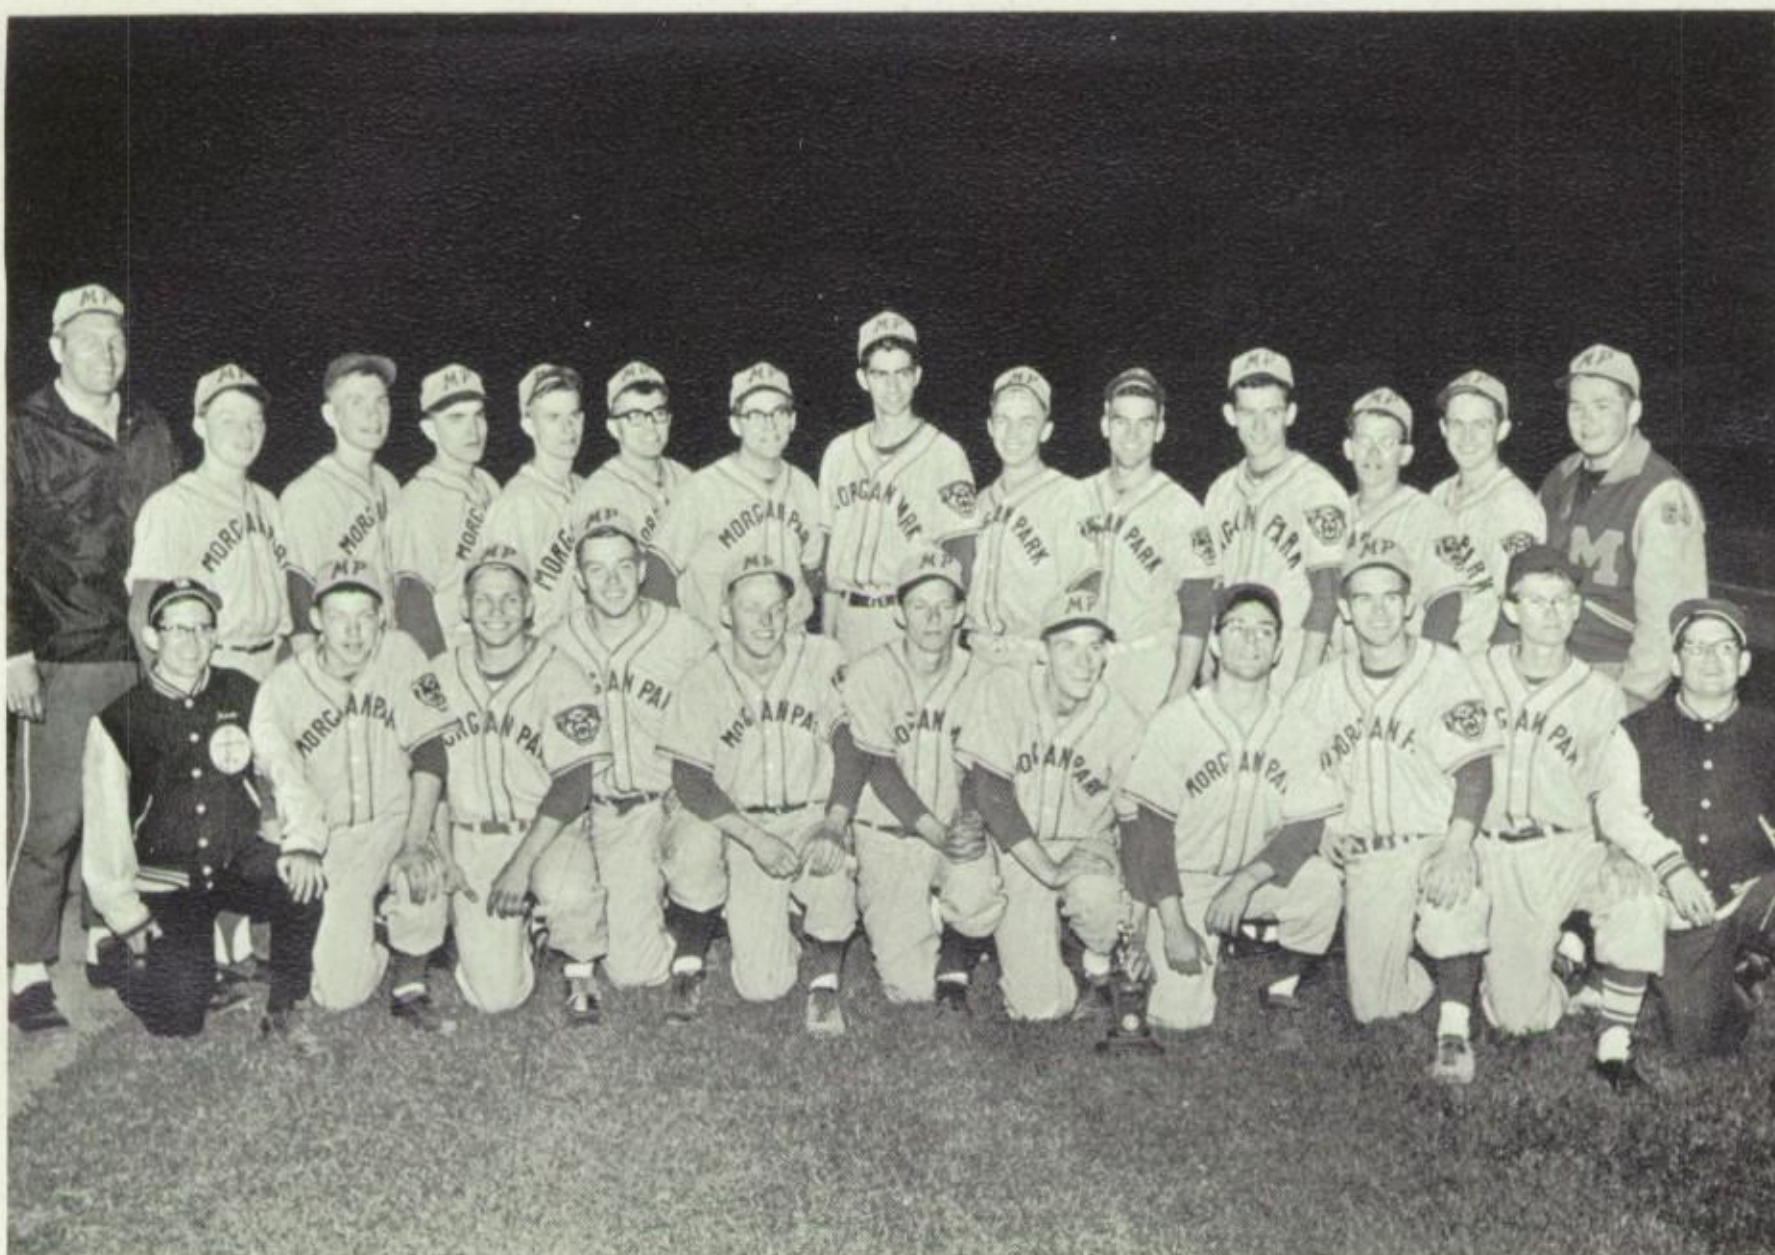

The capability of this year's golf team was based on the pre-season build-up which provided enough aspirants to hold playoffs at Enger Park.

The sextet's circuit included two triangular meets. The contests, one with Denfeld and Cathedral and the other against Two Harbors and Silver Bay, served as warm-ups for District Golf competition.

Because the golf team consisted of underclassmen, Pat Carey, Pat Fairchild, Bill Samarzia, Jeff Talerico, Gary D. Anderson, and Larry Busch, next year's team should be even stronger.

Under the supervision of Coach Graydon Stromme, the Morgan Park baseball team had an exceptionally good season. Winning 6 games and losing 2 in the regular season, the baseball team won the District Crown and advanced to the Regional tournament.

After coming in a close second place in the city-regional last year, the track team, with many returning lettermen, looked forward to a bright season.

During the course of the year, its strength was proven to surrounding high schools. The strongest events were the high and low hurdles, dashes, pole vault, high jump, and the relays.

Some of the major track meets in which they performed well were the Cloquet Invitational, the Doc Savage in Hibbing, the Big Ten, and the City-Regional.

The track team, under the guidance of coach Paul Nace and assistant coach Roland Strand, had the best season in the history of the school.

Steve Dragovich crossed the finish line with Mike Westlund close behind.

Ken Johnson broke the tape for another first place for the team.
